

Company Policy

The purpose of Upskills Qld overall Company Policy is to achieve the Company Vision and Mission. The Policy (Company Policy, Quality Policy and OHS Policy) will be used as guidance in setting and achieving our objectives and is the basis of conscious and controlled decisions and tasks. Upskills Qld is committed to quality training products and services delivered in a professional, effective and safe manner to the satisfaction of our customers. To ensure a structured approach and clarity, a plan of objectives (Improvement Program) is maintained.

As a team Upskills Qld will work together to continually develop and improve the management system that enables us to achieve this commitment. We therefore welcome and encourage recommendations from all staff to improve our business. We also expect and require compliance of all staff to our management system so that we can achieve these commitments.

Upskills Qld's "Local First" Policy Statement

Upskills Qld has a "Local First" policy and is committed to supporting local business and the local community. Where operational and financially viable Upskills Qld will always source and utilise local products and services from local suppliers.

Objectives

The Policy embraces the following key principles:

- Business Management System (QMS)
- We are committed to conducting our business in a manner that meets our legal, statutory and ethical obligations within the community;
